Profile Summary

Aspiring Data Scientist with a strong foundation in machine learning, statistical modeling, and data analysis. Passionate about leveraging data-driven insights to solve complex problems.

Technical Skills

- **Programming Languages:** Python, SQL, Java, C
- **Machine Learning:** Scikit-learn, TensorFlow, PyTorch
- **Data Visualization:** Matplotlib, Seaborn
- **Databases:** MySQL, MongoDB
- **Big Data Technologies:** Hadoop, Spark
- **Version Control:** Git, GitHub

Projects

Customer Churn Prediction" and "Student's Dropout Prediction" GitHub Repo

- Developed a machine learning model to predict student dropout using supervised classification algorithms.
- Achieved 83% accuracy with Decision Tree classifier, identifying key factors like age at enrollment and course selection.
- Performed exploratory data analysis and visualized insights using Matplotlib and Plotly to understand student retention patterns.

Education

Sept 2022 – May 2026 **Nitte Meenakshi Institute of Technology, Bangalore** - BE in Computer Science Engineering

- GPA: 8.2/10
- **Relevant Coursework:** Machine Learning, Data Structures, Big Data Analytics, Artificial Intelligence

Experience

March 20, 2023 – April 15, 2023 **Artificial Intelligence Intern, Aqmenz Automation Pvt. Ltd.**

- Successfully completed an internship on **Artificial Intelligence with Real-Time Application Projects**.
- Implemented a deep learning model to analyze manufacturing defects, improving efficiency by 25%.
- Worked with computer vision libraries such as OpenCV for image processing tasks.

Certifications & Achievements

- Successfully completed an **Artificial Intelligence Internship** at Aqmenz Automation Pvt. Ltd.
- Completed **Explore Machine Learning using Python**.
- Certified in **Citizen Data Science using Python**.
- Earned a certification in **Database Management System** from Infosys.
- Certified in **CCNAv7: Introduction to Networks** through the Cisco Networking Academy program.
